

**We Shine As One
C'est ensemble qu'on brillera**

Verse 1

In the time that it takes
To roll up your sleeve
And the light from your heart shines through
May the blood that you give
Help somebody to live
It'll shine the light back to you
It'll shine it right back to you

Verse 2

Now can you just imagine
Someone you love
As a sunbeam that can't break through
Because we all can share
And we've got sunlight to spare
It'll shine the light back to you
It'll shine it right back to you

Deuxième Couplet

Imagine une seconde
Quelqu'un que tu aimes
Comme un rayon derrière un nuage
Donne lui ta lumière
Et si tu ouvres les bras
La lumière reviendra vers toi
La lumière reviendra vers toi

Chorus

Turn on the light
There's no darkness anymore
A light so bright
They'll be grateful that's for sure
And we'll shine so bright
As brilliant as the sun
Together we shine as one
Forever we shine as one

We Shine As One
C'est ensemble qu'on brillera

Refrain

Quand la lumière illumine le destin
Une clairière
Se dessine dans le noir
Sur un rouge profond
Bien plus précieux que l'or
Et c'est ensemble qu'on brillera
Et c'est ensemble qu'on brillera

Verse 3

Many millions of people
Trust and believe
Their heroes are superstars
But when you give, you're a name
In the care hall of fame
And it don't matter
Who you are
Be a light shining
Through the dark

Chorus

Turn on the light
There's no darkness anymore
A light so bright
They'll be thankful that's for sure
And we'll shine so bright
As brilliant as the sun
Together we shine as one
Forever we shine as one

Turn on the light
There's no darkness anymore
A light so bright
They'll be thankful that's
for sure
And we shine so bright
As brilliant as the sun
Forever we shine as one
Together we shine as one
