

## Plasma Protein Products - Customer Table of Information

Updated: 2012-01-17

This list will be revised if changes to the list are required. Please refer to the Plasma Products and Services Bi-Weekly Plasma Products Update for current information regarding product availability. Some products are not widely used, and may only be available at some Canadian Blood Services Sites. Please contact your local Canadian Blood Services Site regarding product availability, including specific vial size availability.

<b>Albumin (Volume Expanders)</b>				
Plasbumin® 5 50mL, 250mL	Talecris Biotherapeutics	Latex-free (if vial stopper is grey)	Human Protein present	2-30°C
Plasbumin® 25 100 mL				
Albumin 25% 100 mL	Talecris Biotherapeutics / Canadian Blood Services	Latex-free (if vial stopper is grey)	Human Protein present	2-30°C
Alburex® 5 250mL, 500mL	CSL Behring	Latex-free	Human Protein present	15-30°C
Alburex® 25 50mL, 100mL				
<b>Antithrombin III (ATIII)</b>				
Antithrombin III Immuno 1000 IU	Baxter	Latex-free	Human Protein present	2-8°C
<b>C1-Esterase Inhibitor</b>				
Beriner® 500 IU	CSL Behring	Latex-free	Human Protein present	2-25°C
<b>rFVIIa</b>				
NiaStase RT® 1.0 mg, 2.0 mg, 5.0 mg	Novo Nordisk	Latex-free	No Human Protein	2-30°C
<b>FVII</b>				
*Factor VII 600 IU	Baxter	Latex-free	Human Protein present	2-8°C
<b>rFVIII</b>				
Kogenate® FS 250 IU, 500 IU, 1000 IU, 2000 IU, 3000 IU	Bayer	Latex-free	No Human Protein	2-8°C
Advate® 250 IU, 500 IU, 1000 IU 1500 IU, 2000 IU, 3000 IU	Baxter	Latex-free	No Human Protein	2-8°C
Helixate® FS 250 IU, 500 IU, 1000 IU, 2000 IU	CSL Behring	Latex-free	No Human Protein	2-8°C
Xyntha™ 250 IU, 500 IU, 1000 IU, 2000 IU	Pfizer Canada Inc.	Latex-free	No Human Protein	2-8°C
<b>FVIII/vWF</b>				
Humate-P® 1000 RcoF IU, 2000 RcoF IU	CSL Behring	Latex-free	Human Protein present	2-25°C
wilate® 450 IU FVIII, 900 IU FVIII	Octapharma	Latex-free	Human Protein present	2-8°C
<b>rFIX</b>				
BeneFIX® 500 IU, 1000 IU, 2000 IU	Pfizer Canada Inc.	Latex-free	No Human Protein	2-8°C
<b>FIX</b>				
Immunine® VH 500 IU	Baxter	Latex-free	Human Protein present	2-8 °C
<b>FXI</b>				
*Factor XI Concentrate 1000 IU	Bio Products Laboratory Canadian Plasma Products (Distributor)	Latex-free	Human Protein present	2-25°C
<b>FXIII</b>				
*Fibrogammin® P 250 IU, 1250 IU	CSL Behring	Latex-free	Human Protein present	2-8°C
