Update to Special Request Order Form

Customer Letter # 2023-23

2023-09-05

Dear Colleagues:

Editorial changes have been made to the Special Request Order Form based on feedback received from hospital and Canadian Blood Services staff.

Brackets have been added around the letters for phenotypes c and s to make it easier to distinguish between upper and lower case phenotypes that look the same.

The updated form will be available for download on blood.ca on 2023-09-05.

Please share a copy of this customer letter with healthcare professionals at your hospital who might be interested in this information.

This customer letter can also be viewed at www.blood.ca in the "Hospital Services" section. If you have questions about this letter, or if you require it in an accessible format, please contact your local hospital liaison specialist.

Sincerely,

David Howe,
Director, Supply Chain Process Management
