Now available: Hizentra® (Subcutaneous Immunoglobulin [Human] 20% Liquid) 20 mL (4g) Pre-filled Syringe (PFS)

Dear health care professional,

CSL Behring Canada is pleased to announce the introduction of the 20 mL pre-filled syringe (PFS) for Hizentra®, Subcutaneous Immunoglobulin (Human) (SCIG), 20% solution. Hizentra® 5, 10 and 20 mL are available in pre-filled syringes while the 20 mL Hizentra® vials are being phased out. The Hizentra® 50 mL vial will remain available.

Hizentra® is available in the following dosage presentations:

Vials	
Fill Size	Grams Protein
20 mL *	4.0 g
50 mL	10.0 g

Pre-filled Syringes	
Fill Size	Grams Protein
5 mL	1.0 g
10 mL	2.0 g
20 mL	4.0 g

** To gradually be replaced by Pre-filled Syringes*

CSL Behring representatives will be working closely with the designated SCIG (SubCutaneous ImmunoGlobulin) clinics to provide support with the transition. Should you or your patients require any additional support for transitioning to this new format, the CSL Behring PLUS+ Program provides nursing support and education for patients prescribed Hizentra®. The Program can be contacted from Monday to Friday between 8 am-8 pm EST at cslbehringplus@bayshore.ca or 1-888-490-4105.

Hizentra®, (Subcutaneous Immunoglobulin [Human] 20% Liquid), is indicated for the treatment of patients with Primary Immune Deficiency (PID) and Secondary Immune Deficiency (SID). Hizentra® is also indicated for the treatment of patients with Chronic Inflammatory Demyelinating Polyneuropathy (CIDP)¹.

Hizentra® can be stored either in the refrigerator or at room temperature (at +2 °C to +25 °C) until the expiration date printed on the outer carton and vial/pre-filled syringe label. Do not freeze. Keep Hizentra® in its original carton to protect it from light. The shelf life of Hizentra® is 30 months².

Please refer to the attached CSL Hizentra 20mL PFS fact sheet for additional information. Consult the Product Monograph at <https://labeling.cslbehring.ca/PM/CA/Hizentra/EN/Hizentra-Product-Monograph.pdf> for important information on contraindications, warnings, precautions, adverse reactions, interactions, dosing or contact our customer service at 1-866-773-7721 ext. 2386.

Sincerely,

Marie-Eve Jacques
