**Now available: Hizentra® (Subcutaneous Immunoglobulin [Human] 20% Liquid)
50mL (10g) Pre-filled Syringe (PFS)**

Dear Healthcare Professional,

CSL Behring Canada is pleased to announce the introduction of the 50 mL pre-filled syringe (PFS) for Hizentra®, Subcutaneous Immunoglobulin (Human) (SCIG), 20% solution. Hizentra® 5,10, 20, and 50 mL are available in pre-filled syringes while the 50 mL Hizentra® vials are being phased out.

Hizentra® is available in the following dosage presentations:

Pre-filled Syringes	
Fill Size	IgG Protein
5 mL	1.0 g
10 mL	2.0 g
20 mL	4.0 g
50 mL	10.0g

Vials	
Fill Size	IgG Protein
50 mL*	10.0 g

* To gradually be replaced by 50 mL Pre-filled Syringes

CSL Behring representatives will be working closely with all clinics to provide support with the transition. Should you or your patients require any additional support for transitioning to this new format, the CSL Behring PLUS+ Program provides nursing support and education for patients prescribed Hizentra®. The Program can be contacted from Monday to Friday between 8 am-8 pm EST at cslbehringplus@bayshore.ca or 1-888-490-4105.

Hizentra® is indicated for the treatment of patients with Primary Immune Deficiency (PID) and Secondary Immune Deficiency (SID) who require immunoglobulin replacement therapy. Hizentra® is also indicated for the treatment of patients with Chronic Inflammatory Demyelinating Polyneuropathy (CIDP) as maintenance therapy to prevent relapse of neuromuscular disability and impairment.¹

Hizentra® can be stored either in the refrigerator or at room temperature (at +2 °C to +25 °C) until the expiration date printed on the outer carton and vial/pre-filled syringe label. Do not freeze. Keep Hizentra® in its original carton to protect it from light.

Please refer to the attached CSL Hizentra 50mL PFS fact sheet for additional information. Consult the Product Monograph at <https://labeling.cslbehring.ca/PM/CA/Hizentra/EN/Hizentra-Product-Monograph.pdf> for important information on contraindications, warnings, precautions, adverse reactions, interactions, dosing or contact our customer service at 1-866-773-7721 ext. 2386.

Sincerely,

Alec Wilson
