Change of Packaging VariZig

Dear healthcare professional,

The labelling for VariZig has changed from referencing Saol Therapeutics Research Limited to reference KI BioPharma LLC. The size and quantity held in the shipping carton has also changed.

The new shipping carton will measure 15 1/2" x 10 1/2" x 10 1/2". There will be 10-unit cartons bundled in plastic and the shipping carton will hold in total 180 unit cartons.

Kind regards

KI BioPharma Customer Service
